The benefit of doubt is given to the candidate in all such cases in preparing the result. However, this result will depend upon the production of actual community certificate by the candidate at the time of PMT/PET.

With regard to the answer key which was released on 28.11.2016 immediately after examination, more than 200 objections were received. The subject experts looked into all of these objections. It was found that the correct answer to following 3 Questions in Paper-I were not given as any of the four options due to printing mistake in question paper. Hence, for these 3 questions all the candidates who either answered or didn't answer, were given 1 Mark each, in order to extend benefit of doubt to candidates. As it is only a qualifying examination, in which total marks has no impact on Final Merit, no candidates is affected adversely.
